SIERRA MADRE, COUNTY OF LOS ANGELES, CALIFORNIA

FRIDAY, SEPTEMBER 8, 1933

## Reduction In Taxes For All Purposes In Sierra Madre Amounts To \$23,093

County To Take More Out Of City Than Before, But All Other Items Show Substantial Decreases—Riley-Stewart Plan Helps Lop Tidy Sum Off Local Levy For School Purposes Even With First Payment On New School Bonds—

Sierra Madreans will pay out approximately \$23,000 less in direct taxes for all purposes this year than last. The total of their tax bills for city, county and school purposes will amount to \$5.75 per \$100 of assessed valuation for the year 1933-34 as against \$5.82 for 1932-33.

The district school tax rate for the Sierra Madre school district has been fixed by the County Supervisors at \$2.00 per \$100 of assessed valuation as against \$2.44 principally as a result of the operation of the Riley-Stewart plan of taxation which relieves local taxpayers from the payment of a county school tax.

But the main factor in the reduction of the total amount to be raised for all purposes is the big slump in the assessed value of real and personal property.

County Supervisor Quinn prom-

ised the taxpayers that though the county tax rate would be jumped from 88 cents to \$1.20 per \$100 of assessed valuation there would be an actual reduction of at least 10 per cent in the amount of county taxes to be collected. But that does not hold good here. Even with the reduced valuations here the total of county taxes to be collected will be considerably higher as will be shown by the accompanying table. Also there is an increase in the amount to be raised for flood control purposes, the amount also being fixed by the supervisors.

The following comparative table shows the tax rate for all purposes, this year, the amount it is calculated to yield on the new assessment and the rate and the yield for the last fiscal year.

	Year 1932-33		Year 1933-34	
	Rate	Income	Rate	Income
General Fund .....	1.00	28,416.75	1.00	24,746.40
Interest & Sinking Fund.....	1.13	32,110.93	1.13	27,963.43
Park Fund .....	.10	2,841.67	.11	2,722.10
Library Fund .....	.17	4,830.85	.16	3,959.42
School .....	2.44	69,336.87	2.00	49,492.80
County .....	.88	25,006.74	1.20	29,695.68
Flood Control .....	.10	2,841.68	.15	3,711.96
Totals .....	5.82	165,385.49	5.75	142,291.79

Although the school rate for Sierra Madre has been cut from \$2.44 per \$100 of assessed valuation this year to \$2 for next year, reducing the tax income \$19,844.07, the school board is for the first time making a payment toward the retirement of the bonds on the new school, Rudolph R. Hartman, president of the board, said yesterday. In previous years the board has paid interest on the new bonds but made no provision for retiring any of them. In the 1934 budget \$8,000 is included for new school bond retirement; and between \$3,000 and \$4,000 for retirement of old school bonds.

Economies in the school budget have been effected by making cuts in all departments. All employees with teachers certificates have been cut 12 per cent while non-certified help has been cut 6 per cent in the payrolls. Similar cuts have been made in operating expenses generally, Mr. Hartman said.

Out of the \$2 tax rate for next year 73 cents goes for retirement of bonds and interest, he added.

Pasadena's school tax rate has been cut from \$2.20 to \$1.49 for next year, a saving of 71 cents per \$100 of assessed valuation as a result of the operation of the Riley-Stewart tax system and the sales tax law. This law transfers to the State the school financial obligation formerly levied by the county. The State fund from which the school costs formerly borne by the county are paid is raised through the sales tax recently put in operation. Last year the rate levied against Pasadena property by the county for school purposes was 65.2 cents.

For all purposes the city tax rate in Pasadena next year will be \$3.84 on an assessed valuation of \$100 as compared with \$4.14 this year. The tax rate is divided as follows: city, 96 cents; county, \$1.20; flood control, 15 cents; Metropolitan Water district, 4 cents; schools, \$1.49.

### BOND ISSUES JUMP MONROVIA TAX RATE

Monrovia face an increase of 25 cents per \$100 of valuation in their municipal tax rate this year. The City Council adopted the increased rate because of the high cost of bond issue requirements and the lowered assessed valuation of the city.

## Early Enrollment Of Kindergarten Pupils Important

Any child who is four and one-half years old next Monday, when school starts, will be eligible for enrollment in the kindergarten, Miss Elizabeth Steinberger, principal of Sierra Madre Public school, announced yesterday.

After October 25, however, under a law passed by the last legislature, the kindergarten enrollment age is raised to five years.

The law also requires that all enrollments in the kindergarten and first grade must be made during the first month of school, which would end such enrollments for this year on October 6.

## Grand View Extension To Be Asked

Four Cities Join In Demand For Project Financed By U.S., State And County

Sierra Madre has been asked to join with four other cities in an application for the immediate extension of Grand View avenue eastward to San Gabriel Canyon over a route proposed some time ago by the Regional Planning Commission.

It is proposed to ask the Federal and State governments and the Board of County Supervisors to build this section of the proposed skyline boulevard from the Easterly city limits of Sierra Madre through the most northern sections of Arcadia, Monrovia and Duarte as a means of affording employment to jobless citizens of the various communities.

A tentative route laid out is from Santa Anita avenue (Double Drive) across the Oakwood Syndicate tract to Clover Leaf Canyon in Arcadia, thence to Hillcrest avenue or some other Monrovia thoroughfare well up on the mountainside and east through Monrovia and Duarte to San Gabriel Canyon.

The matter was discussed at a meeting between representatives of the other cities and Business Manager Al S. Myers agreeing this city would join in the application with the understanding that the project is carried through without expense to local taxpayers.

Because of the increased facilities the improvement would afford in reaching the Angeles forest in case of fire it was believed the Federal government should be asked to bear a part of the expense, the remainder to be assumed by the State and Los Angeles county.

When a tentative route has been agreed upon the application of the several cities will be formally presented to the Board of Supervisors, several members of which have already been approached on the subject.

## Plans Begun To Straighten Foothill Jog

Extension of Foothill boulevard from North Santa Anita avenue in Lamanda Park to connect with East Walnut street at Greenwood avenue, is to be proceeded with at once, Pasadena city officials decided this week. The action was taken following a conference with county officials who assured the city that funds were available for the acquisition of the county's share of the right-of-way.

Options have been taken on the property needed and the Pasadena city attorney has been instructed by the board of city directors to place this property in escrow.

The county has assured Pasadena officials that present county condemnation proceedings for a previously planned extension of Foothill boulevard will be abandoned and that a new proceeding will be started to pave a 40-foot strip on the north side of the Santa Fe railroad tracks to join up with East Walnut street at Greenwood avenue.

The extension of Foothill boulevard is intended to divert much traffic that now travels on Colorado street over Walnut street, greatly relieving congestion on the business thoroughfare. It will eliminate a bad jog in the highway and make a more direct route through the city. Pasadena and county officials have had this improvement in mind for several years.

## It's All Over; Kids Go Back To Schools

Starting Schedules Announced By Principals Here And In Pasadena

Summer vacation has ended or ends next Monday for more than 650 boys and girls of Sierra Madre. Eighty-one youngsters attending St. Rita's parochial school started the new fall semester last Tuesday. Miss Elizabeth Steinberger, principal of the Sierra Madre public school, anticipates an enrollment of 450 at the sessions starting next Monday morning. Woodrow Wilson Junior High and Pasadena Junior College will draw over 100 more students including 24 who graduated from the local grammar school last June and are now starting in the 7th grade.

Miss Steinberger announced that pupils attending the third, fourth, fifth and sixth grades will report for classes at 8:40 in the morning and be dismissed at 3:10 p.m. First and second grades will start at 9 a.m. and be through at 2:30 p.m. Kindergarten classes will be from 9 a.m. till 12 m.

Miss Elizabeth Glidden will be the new teacher in the kindergarten, replacing Miss Constance Thorpe, who was married this summer.

Officials at Pasadena Junior College announced that both high school and college classes will begin there next Monday morning. The first day will be devoted to class registration and assignment of work, actual work starting Tuesday. Students will reach the school either by street car or automobile and many of them were busy this week trying to arrange transportation with Sierra Madreans who drive to work in Pasadena in the morning. Until they know definitely their class hours most of them are unable to make definite arrangements although many of them are to go with dad, brother or sister.

Buses to the Woodrow Wilson Junior High School will leave Sierra Madre on Monday morning, September 11, from the corner of Central and Sunnyside avenues. One bus will leave at 7 o'clock and two at 7:30, as in previous years. School will begin promptly at 8 o'clock.

According to A. M. Brown, principal, no bus fare will be charged the first morning but students are to come prepared to buy bus tickets. A book of tickets for 40 rides may be purchased for one dollar.

Schedules of the afternoon buses will be made at school.

All new 7-1 pupils are urged to be present at a meeting in the Willard auditorium at 9 o'clock, Saturday morning, September 9. Procedure for the first day of school will be talked over and the regular daily program will be given out. Parents are most cordially invited.

Girls will not be obliged to wear uniforms for the first week or two of school.

The school cafeteria will be open on the first day.

Mr. Brown anticipates an increased enrollment this year and preparatory to this the principal, vice-principal and counselor have been working most of the summer to get things in readiness.

Rev. Father Hyacinth Clary announced yesterday that enrollment at St. Rita's parochial school last Tuesday included 43 boys and 38 girls, a total of 81 as compared with 73 attending the school at the conclusion of school last spring. The highest attendance recorded at the school during the last term was 96.

Sister Superior Emeliana left the school this summer, being transferred to Chicago. Replacing her in charge of St. Rita's will be Sister Superior Rita Veronica who comes to Sierra Madre from Natividad school in Los Angeles.

## Observations

By Lee Shippey  
IN San Diego last week I saw draught beer served at ordinary soda fountains, and nobody paid any attention to it. Because it wasn't forbidden the young people mostly preferred ice cream sodas. There's no temptation about 3.2 beer when it isn't forbidden. Even Hitler couldn't find fault with it, because it isn't really a brew. Yet it satisfies most people. It really seems to me the greatest temperance beverage seen in my time.

## Shorter Day Not Desired At This Time

NRA Spokesman Says The Burden On Industry Would Be Too Great

"There are those who advocate a still shorter scale of work hours in order that all the unemployed be absorbed," said Frederick Knoepfel in a speech before the NRA mass meeting in the Woman's clubhouse last Friday evening, "but that would not be either possible or for the best. . . . The Administration has no desire to immediately have the entire unemployed number absorbed in industry. That would put a strain on the employers that they couldn't deal with, and would provide an unhealthy condition when business has picked up. . . . There will be a gradual absorption as business picks up."

Mr. Knoepfel, who is in charge of all NRA programs sponsored by the Los Angeles Chamber of Commerce, expressed as his opinion that the Government does not expect the millions of dollars that are being loaned the states and cities for unemployment work ever to be repaid in full.

Outlining briefly the National Industrial Recovery Act's chief purposes, Mr. Knoepfel answered questions concerning the NRA, and said that as soon as the fundamental principles were worked out by Washington, the codes would be formed and approved with much more dispatch than is now possible.

J. S. Billheimer, head of the local NRA committee, told of the big public improvement program that the NRA has undertaken to interest the people in to furnish employment here and to improve the city.

"Plans and specifications for 14 units of street improvement have been completed by the engineers," Mr. Billheimer said, "and four petitions are now being circulated for the paving and grading of streets and the building of sidewalks and curbs. Success of the undertaking depends upon the patriotic support it receives from our property owners who can contribute greatly to the success of the Blue Eagle while vastly improving the value of their property at a cost that will be scarcely felt by anyone."

Explaining the mechanics of the project, Mr. Billheimer told that the improvements will be executed under the recently passed emergency State law which makes it possible for cities of the sixth class to carry out public improvement programs when petitions are signed by 80 percent of the property owners, representing at least 50 percent of the assessable property. He also explained the new State law under which citizens are allowed ten years for the payment of assessments for such improvements. Mr. Billheimer said there was no doubt but that the City Council will authorize the improvements as soon as the petitions are submitted by the property owners.

Mrs. Pearl Virginia Steinberger, president of the Woman's Club and chairman in charge of the meeting, introduced the speaker. Richard Knost directed the audience in community singing, while Miss Marion Solary accompanied on the piano.

## PTA To Resume Its Meetings With Opening Of School

Coincident with the beginning of the school term the Parent-Teacher Association will resume its activities next week. A meeting of the board of directors and all officers and committee chairmen will be held in the library of the grammar school building at 1 o'clock on Tuesday. It will be one of the most important meetings of the year and all officers are urged to be present. On Wednesday evening a meeting of the association will be held at the school building.

## Monastery Head To Address Kiwanians

Father Edmund Walsh, Superior of the Passionists Fathers Monastery, will talk to the Sierra Madre Kiwanis Club September 19 on the subject of monastic history. It was announced yesterday by William Middough, program chairman of the club.

## Two Local Men Get State Positions As Tax Investigators

Lester K. Layton

John H. Robertson and Councilman Lester K. Layton, of this city, have received appointments as tax investigators for the State Board of Equalization in the Los Angeles area. Their commissions arrived on Tuesday and Mr. Layton entered upon his duties Wednesday along with appointees in Pasadena, Rosemead and Los Angeles.

It will be their duty to check up on collection of the new State retail sales tax, to investigate profiteering and other charges filed with the board against merchants.

John C. McReynolds, of Pasadena and E. E. Pollock, of Rosemead, are other appointees in this community.

## Unemployed Launch New Enterprise

Asks Public's Cooperation As Association Enters Junk Business

Dividing the city into four zones, with Baldwin and Central avenues bordering northwest, northeast, southwest and southeast areas, the Unemployed Relief Association Tuesday commenced its systematic canvassing for old papers, junk and rags in an effort to put the organization on a self-supporting basis.

In order to make the plan a success, states City Business Manager Al S. Myers, every citizen must cooperate, and give all old paper and junk only to accredited Association men. Collections are to be made in accordance with the following schedule, according to C. C. Beaudoin, head of the unemployed here.

At two-week intervals the south-west section will be covered by the association's collectors on Monday, the south-east on Tuesday, the northeast on Wednesday and the northwest on Thursday.

Already the plan met with much success, it is stated, and the first day of collections 800 pounds of papers and rags were taken in for sale by the association.

## Dust Covered Police Blotter Tells Own Story

"Say, there hasn't been a real crime in Sierra Madre since that city slicker cracked the bank!" complained Chief of Police MacMillan yesterday. Taking a straw from his mouth and shuffling his feet in the hay on the City Hall steps the Chief remarked: "People'll be so god darned good around these here parts pretty soon we won't need a police department."

"Then where'll we be?" he mourned. He ambled into the police station and hauled out the "blotter," which was dust covered. Nightly reports inside disclosed the uneventful information that Officer Gerlach thought he saw a bob-cat in the canyon one night last week, only it turned out to be a house cat. Officer Heasley found some boys swimming around in his pool after closing time and fined them two bits apiece, thus for the first time collecting swimming fees in his official capacity. A couple of cats had a fight on a back fence. . . . "Big time stuff, eh what?" MacMillan sighed.

## Blue Eagles Fly At Most City Homes

Fine Support For NRA Drive Revealed By Canvass Now Nearly Finished

Wholehearted response in all sections of the city is reported by members of the firemen and legionnaire's committee that has made a canvass of Sierra Madre homes to obtain consumer pledges of support for the NRA. J. S. Billheimer, local NRA chairman, said yesterday that the attitude of the public has been very gratifying and that he anticipates virtually a 100 per cent sign-up of Sierra Madre families when the final "mop-up" is completed.

Out of 1400 homes in the city a majority of them already are flying the Blue Eagle, Mr. Billheimer said. There have been no out-and-out refusals to sign, almost every person spoken to disclosing an eagerness to support President Roosevelt's campaign to restore prosperity to the country. In many instances residents have been out of town on vacations and many cards left at these homes have not yet come in.

The volunteer committee is to continue its canvass of the homes not yet signed until the status of every resident regarding the NRA has been determined, Mr. Billheimer said.

The pledge residents are being asked to sign reads, "I will cooperate in the re-employment program by supporting and patronizing employers and workers who are members of the NRA."

"Signatures to such a pledge," Mr. Billheimer pointed out, "mean that the individual citizens are behind the President, doing their bit to bring about the country's recovery. By supporting those business houses and industries which are complying with the provisions of the NRA they are helping to bring about the re-employment of those now out of work and making it possible for the employers, who have taken on additional help in response to the president's urgent request, to keep these new workers on the payroll."

"The campaign locally was sponsored by the Chamber of Commerce and committees representing all organizations in the city have been formed to carry on the work. The firemen, under Joe Swanson, chairman of the program committee, conducted the canvass of homes and will continue this work until it is finished. It would help greatly if those who have not yet signed up would go to either the Chamber of Commerce or the City Hall and get their Blue Eagles. We want Sierra Madre to show its patriotism in this emergency."

## Arcadians Throw Scare Into The Vets

Neighboring Soldiers Stage Sensational Battering Rally But Lose 9-8

The Arcadia soldiers came uncomfortably close to proving the nemesis of the local Legionnaires here last Friday night when they pushed across eight runs in the last two innings, changing their half of the boxscore from a row of gooseeggs to solid figures that nearly wrecked the pennant hopes of the locals. The final score was 9 to 8.

Sierra Madre started strong, tallying three in the first Burroughs led off by taking first on a pitcher's error, and Harkness poled a three-bagger to bring him in. Pratt singled to score Harkness, and was brought home, in his turn by Young's double.

In the second Mathis singled, and scored when Pratt grounded out to short. Two more came in the fourth when Hill reached first on an error and came in on a homer by Harkness. The next inning saw Mathis safe on a fielder's choice, scoring when the right fielder muffed Burroughs fly. Burroughs scored when Hill's grounder was fumbled. What proved to be the deciding run came in the seventh when Mathis scored on Burroughs' three-bagger.

Pratt had the Arcadians eating out of his hand and had fine support until the eighth and a shutout looked sure. Then the fireworks came, in the form of one earned run, two errors, two hits and a walk. In the ninth two hits, two errors and a walk (Continued on Page Five)

### EXPECT TRIPPLETT BACK IN ASCOT RACE

Wednesday night's Legion Ascot Speedway program will be featured by a 50-lap race while two nights later, Friday, September 15, a 30-lap race will head the program at the Legion Tri-City Speedway in San Bernardino. There is a good possibility that Ernie Triplett, kingpin of them all, will be back in the cockpit of his trim, red racer on Wednesday night at Ascot.

Triplett is having a hard time trying to win his third straight Pacific Coast racing title since young Mays has been running wild at the local track. If he appears Wednesday night, a hectic duel can be expected.

## SALES TAX LAW EXPECTED TO GROW IN FAVOR WITH THE ADOPTION OF LOWERED LEVIES

Efforts to set aside the retail sales tax will cease when the people of California begin to realize the reduction in their local taxes, especially after their new tax bills go into the mail, says Fred E. Stewart, one of the authors of the law imposing the sales tax and a member of the State Board of Equalization.

"The new local tax rates fixed about September 1 reflect many millions of dollars in savings to home owners and general property owners and the public now has its first opportunity to weigh the advantages of the Sales Tax against its disadvantages," said Stewart.

"Lowered assessed valuations on property, reduced rates of taxation and strict limitation of budget increases will, in my opinion, far more than offset the first irritation and annoyance of the public at being required to pay a sales tax.

"By transferring \$38,000,000 in

school costs from local government to the State, to be financed by the sales tax instead of the property tax, the new tax plan saved thousands of California home owners from tax-confiscation and eviction. Some 6,000,000 taxpayers—every resident of the State and every visitor to it—are carrying the load today which was formerly carried by some 750,000 property owners."

Richard E. Collins, chairman of the Board, likewise predicted public approval of the Sales levy when benefits of the plan become fully known.

## Create New State Highway Route Thru The Foothill Towns

A new State highway designated as Route 161 and extending from Glendale to Monrovia came into existence yesterday when the County Supervisors relinquished parts of several thoroughfares to State maintenance and control. Colorado street in Pasadena is the backbone of Route 161, which begins at San Fernando Road and Colorado boulevard in Glendale, runs through two miles of Colorado boulevard in Los Angeles to Modena avenue, to Colorado street in Pasadena and thence to Huntington Drive and by that thoroughfare to Monrovia.

## In A Social Way

THE wedding of Miss Margaret Moote, daughter of Mr. and Mrs. F. D. R. Moote, and Graeme Smith, son of Mr. and Mrs. J. O. Smith, solemnized on Tuesday evening at 8 o'clock at Bethany Church, was one of the most picturesque and beautiful social events of the year. The young couple were united in marriage by Rev. Stewart R. Sheriff, pastor of the church.

The bride, gorgeous in a gown of white satin and lace with veil and carrying a shower bouquet of bride's roses and lily of the valley, was given in marriage by her father. She was attended by her sister, Miss Dorothy Moote, as maid of honor, who wore a gown of peach. Miss Kathleen Moote, Miss Virginia Roess, Miss Frances Kranz and Miss Roberta Scott, dressed in gowns of blue, pink, green and orchid, respectively, and carrying bouquets of Russell roses, were bridesmaids.

Petite Lois Theresa Wood, frocked in yellow, was flower girl. Merrill Smith served his brother as bestman and the ushers included Ferris Smith, Ben Smith, Bruce Smith and Lloyd Blackwell.

The church was a profusion of potted palms, huge pink dahlias and candelabra. About 250 guests were present.

A reception for relatives and the wedding party was held at the home of the bride, 689 West Central avenue, immediately following the ceremony.

Mrs. Graeme Smith is a native of Sierra Madre and a graduate of Whittier College. Mr. Smith graduated from the University of Redlands in 1932 and for the past school year studied at Westminster Seminary in Philadelphia, Pa.

They are at present on a short honeymoon and will return to Sierra Madre about September 10, when they will leave on a motor trip east. They will visit in Illinois, Ohio and Virginia, before taking up their permanent residence in Philadelphia, where Mr. Smith will continue his theological studies.

Mr. and Mrs. Ted Railsback and niece, Miss Florence Gillon, of Alhambra, were Sunday dinner guests of Mr. and Mrs. Lester K. Layton, of 584 Sturtevant Drive.

Miss Vannier and Miss Page of 173 South Hermosa avenue, entertained fifty friends at a garden tea in the grounds of La Casa Vieja Wednesday afternoon. The affair was in honor of Mrs. Martin D. Kneeland, Miss Vannier's sister, who has been visiting here and who soon leaves for her home. San Marino, Pasadena and Eagle Rock were represented by the guests.

Dr. and Mrs. James Donlon of 334 North Lima street, entertained twelve out of town guests at dinner at La Casa Vieja Tea Room last Friday evening.

Mr. and Mrs. Cameron Dickinson of East Grand View avenue were hosts at a dinner party of seven at La Casa Vieja Tea Room Wednesday evening entertaining out of town guests.

Misses Hazel and Jean Woodward were hostesses at a dinner for eight at La Casa Vieja Tea Room last Saturday evening.

Mrs. Mary Ames, mother of

mock, Miss Dorothy Wammock, R. C. Polsue and John Colbert, Jr., enjoyed a picnic at Point Firmin on Labor Day. They visited "Vestal" and "Chester," ships of the United States Navy.

Mrs. Nancy L. Beuhling, of 247 San Gabriel Court, was surprised by a group of her neighbors on Wednesday afternoon, the occasion celebrating her 85th birthday. The afternoon was spent in singing old songs. Beautiful flowers and gifts were showered upon the honoree. A lovely birthday cake was cut and served to the 14 present.

Mrs. Ames has been a resident of Sierra Madre for the past 15 years.

Mrs. Josephine E. Marr had as her guests on Sunday evening at the Hollywood Bowl, Mrs. Mary Wammock and daughter Dorothy, of East Central avenue.

Following the baseball game with the California Bank team on Tuesday night, Mr. and Mrs. Emile Smith, of 249 Wilson avenue, entertained the All-Star nine and their wives. About 25 persons were present.

Mr. and Mrs. Leonard A. Wam-

Miss Russelind Conley, of Belle Vue Court, was entertained at the Coconut Grove on Tuesday evening. Accompanying them were Jack Dempsey and his bride, Hanna Williams.

The officers of the Eastern Star enjoyed a picnic luncheon on Thursday at the home of Mrs. B. A. Platte, 319 Camillo street.

Mrs. Sarah Triplett had as her dinner guests on Tuesday her daughter, Mrs. Phillips, and a friend from Covina.

Honoring the birthday of Mrs. Frank U. Smith, a family gathering was held at the Smith home, 71 North Lima street, on Sunday. Among the guests were Mr. and Mrs. W. F. Stark and three sons and Gene Toolin, of Glendale.

Mr. and Mrs. John B. Conley, of Belle Vue Court, entertained friends from Hollywood, Westwood Hills and Beverly Hills over Labor Day.

### Gypsy Costumes To Feature OES Party

Much curiosity is being aroused over the Gypsy Party being held on Saturday evening, September 9, by the officers of the Eastern Star for members and friends of their order. Many have planned to attend garbed in gay gypsy costumes, which should make the occasion a most colorful one.

The caravan will leave from Roberts Market about 7:30 p.m., bound for the end of the gypsy trail, which is located within the Sierra Madre limits. Those attending may go by truck, for which a small charge will be made, or drive their own cars. The committee in charge has planned a weiner roast by the campfire, music and entertainment, and an enjoyable evening of fun and frolic is anticipated.

## WHERE PARI-MUTUEL WILL FIRST BE INTRODUCED TO SOUTHLAND FANS

C.N.P.A. Service

Pari-mutuel betting on horse races as legalized by the voters of California at the recent election, will be introduced into Southern California at Los Angeles County Fair in Pomona, September 15 to 24. Extensive preparations are being made for its reception and it is expected that attendance at the fair will be greatly increased. At top is huge new steel and concrete grandstand built last fall at a cost of \$250,000. Lower left shows throngs leaving the grandstand after the races. Lower right shows a bunch of runners trying out for the coming meet. Over 500 running and harness horses from all over the country will participate.

### Local C.E. Societies Going To Pasadena

PASADENA Division is holding a garden party tomorrow night. The place is 2131 Spaulding Place, Pasadena, and as the event is to start at 8 p.m., transportation will begin to leave the church at 7:30. All Christian Endeavorers are invited to attend.

Ralph Isbell, popular C. E. speaker, is the speaker for the County Union's radio program, 5:45 to 6:00 over KMPC this Sunday evening. As most of the societies of Pasadena district are getting together for a series of big union meetings as a part of the tent meetings being held this month in Pasadena by Evangelists 'Charlie' and 'Laurie' Taylor, the Sierra Madre group will attend these sessions too. The regular meetings will therefore be discontinued for this month. So let's get together and go over to the Washington Christian Church. Cars will leave the church about 5:45.

### FORMER COLTON PASTOR TO OPEN REVIVAL HERE

Rev. N. M. Lewis, who has just resigned his pastorate in Colton, where he has served the Church of the Nazarene for the past three years, is contemplating a revival campaign at the local church here. All members and friends of the Nazarene are asked to cooperate in this new undertaking. Rev. Mr. Lewis will preach this Sunday at the church.

### WOLVERINES TO PICNIC

The Michigan people of Southern California will hold their picnic reunion in Sycamore Grove Park, Saturday, September 16 under the auspices of the Michigan Association of Southern California which has been featuring these reunions for more than 30 years.

### Police Records Show Folks Are Absent-Minded

RECORDS kept by the local police department show that there are some absent-minded persons in the business district. The night patrolmen keep a record of all the doors they find unlocked on their first round of the shopping district in the early evening and again when they try the doors along about midnight. If a door is found unlocked and it can be made safe against marauders without disturbing the owner, the officer merely leaves a card in the business house indicating at what hour he found the place unprotected and begging the proprietor to be more careful.

But if the door must be bolted from the inside, the absent-minded business man is rooted out of bed with a phone call.

The records show that 33 cards were issued in the year ending August 1. One decidedly careless storekeeper drew five cards and established a record. In addition to which he was summoned to his place of business twice after midnight.

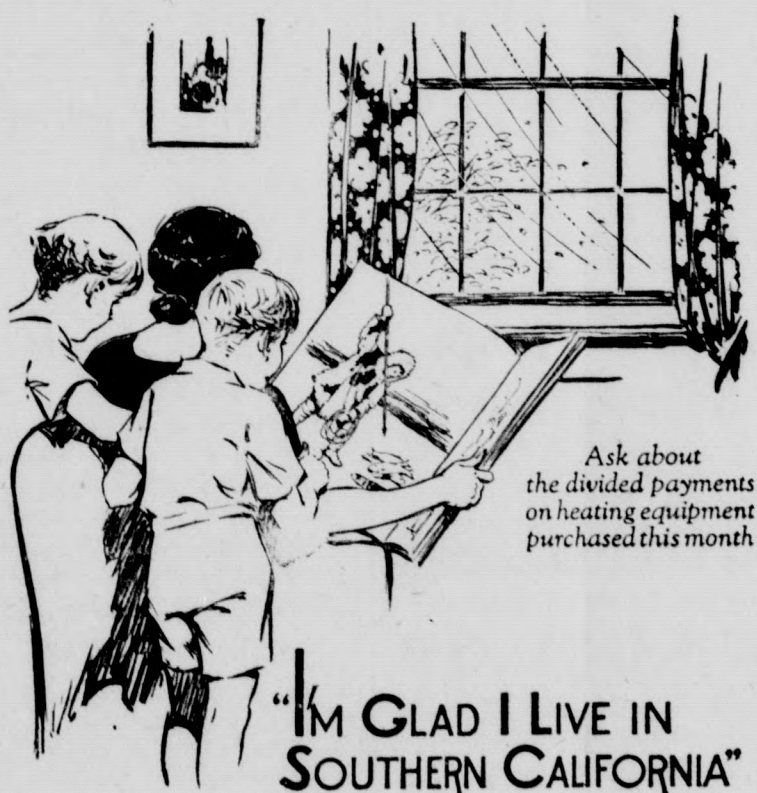

### PASTOR PRITCHARD RETURNS HIS PULPIT

Rev. Arthur O. Pritchard, pastor of the First Congregational Church, is expected home today from a vacation of over a month in the east. He will arrive by bus this morning at 11 o'clock at El Monte. F. H. Hartman received a telegram on Wednesday from Omaha, Neb., from Rev. Pritchard stating that he would be in his pulpit on Sunday morning, using "The present from the Christian point of view," as the subject of his sermon. H. H. Hannaford will return to his Bible class.

### STATE KEEPS TAB ON MOTOR CAR OWNERS

Motorists who change their address are required by State law to immediately notify the Division of Registration of the Department of Motor Vehicles, Sacramento, says the Automobile Club of Southern California legal department. The law reads as follows:

Whenever any person, after registering or making application for the registration of a vehicle, shall move from the address named in the application for, or certificate of registration issued, he shall within 10 days thereafter notify the division in writing of such change of his new address.

## Local Sport Paragraphs

By John Copeland

BASEBALL, erstwhile kingpin in the sporting world, soon takes a few months hard earned rest after the big series "flareup" and in Sierra Madre village, on a slightly lesser scale, the season tapers into the familiar Crown City vs. the local Legion go.

Carl Young, on vacation from his CCC work, knocked out one of the eight homers while bolstering the weakened 4-12 club in the Kiwanis game Monday evening.

Dan (quick-as-a-mouse) Parker, who is by the way of being captain of the Kiwanis team, was guest of the sponsoring club to other noon.

Bill Hansen batted .667 Monday night, thus for the first time this season bringing his baseball a little nearer his fine tennis level.

There's a lively prospect that we'll have a tennis tournament this fall if the courts are improved in time.

Close call there for the pennant bound Soldiers. If Arcadia had slipped another one over in those last two frames Mr. Pratt's

### Retail Trade Has Felt Good Effect Of Big NRA Drive

There has been a decided improvement in the retail business throughout the East and Middle West and in New York it was much better during August than in any month of 1932, according to T. L. Blanke, manager of the merchandising division of the National Retail Dry Goods Association, who is here from the metropolis for a visit with his family at 271 North Sunnyside avenue.

In the performance of his duties Mr. Blanke assisted in the preparation of NRA codes for many branches of the retail trade and manufacturers associations, many of the largest chains and distributing organizations of the country being affiliated with the association of which he is an officer.

Mr. Blanke believes the benefits of the NRA cannot be rightly calculated at this time and that the return to normal prices will have a most beneficial effect. "I think," he said, "that the President proposes to maintain higher price levels, for he is encouraging the setting up of committees to control them."

## Local Navigators Sail And Sail But Never Move A Foot

After six hours of aimless boating in the fog last Sunday morning, Joe Behlolaevk and David Roess decided they didn't want to go to Catalina after all. Starting out for the island resort from Balboa Behlolaevk, who was navigating, set the wheel into the mist and hoped soon to see the cliffs of Avalon—or at least the Isthmus. When the fog cleared somewhat, the mountains ahead supposed to be the island, proved to be merely the hills of Redondo. They had circled in the fog for hours and were as far from the island as when they started.

NO longer does a home owner make actual use of only that part of his home grounds on which his house stands. The modern home embraces the entire lot, and assigns to every square foot of surface a function, useful or ornamental.

The owner who neglects to develop his grounds on this principle not only limits his own enjoyment of a property which has cost him plenty, but lessens its resale value, and why should he? Complete planting, according to a modern plan, may require more outlay than he cares to make in one year, but it is easily possible to spread the expenditure over several years on a budget system.

Of course, if one can plant all at once, one gets the enjoyment of well-planted grounds sooner. But it is much easier to plant part at a time, than to build in that way. Gardens do not depreciate with years as buildings do. With intelligent care they grow more valuable, and newer plantings quickly mature into perfect harmony with the old.

Of course no planting can be done until the grounds are graded and the walks established. And there must be a definite visualization of the ultimate effect. This means a plan, in the mind or on paper, and it is safer on paper than in the mind. You may be competent to make this plan yourself, or you may obtain help from experts who are usually available.

Think out the successive steps to be taken according to the amount which can be expended each year. Mark out your shrub and flower beds and borders, and see that they have good soil to a proper depth. Then plan the location of your trees.

Trees and foundation planting may be well planted the first

year. The trees need time to grow, and the foundation planting will help your house to fit into its new surroundings. The lawn should be seeded and annuals sown the first year.

The second year you may plant the shrubby masses which are to screen objectionable views, and put in the evergreens and other accent plant. Then shrubby backgrounds for the borders may be planted, and in front of them perennials for the permanent garden picture. Later the architectural features can be added as the final touch to the garden picture.

Such a budget program can be found full of interest. As the planting develops, you may acquire a new conception of the complete development, perhaps, and desire to make changes, perhaps additions to your plan. Do not hesitate to do so, for a garden is a growing thing. When we stop changing it we are apt to lose interest.

## A. L. A. Activities

by Dorothy Shetler

WHEN President Roosevelt asked for allegiance to the NRA he received telegrams and letters pledging the support of 21,000 Auxiliary members. California is the third largest department in the United States. Therefore a large percentage of pledges came from our own State. There are 352 active Units in the Department of California, 271 Units being represented at the 14th Annual Convention in Pasadena.

President-elect Leila Embree has been appointed Membership Chairman for the 18th District. She says if for no other reason she wants our district to get closer to its quota, so they won't have to sit way back under "peanut heaven" at the next convention!

Westwood will publish our official Department paper. They are going to give us 480 inches of space in a monthly paper of our own. Each member will be charged fifteen cents a year for their subscription.

Grass Valley, a Unit with no Legion Post, was the first in 1933 to go over the top in the membership drive. It is the only Widow Unit in California, although there are several Bachelors.

Berenice Keyes, prominent in National Defense, asked that a resolution be sent to the National Auxiliary saying that "Peace be Enforced by Preparedness."

Oceanside Unit received the Margaret Caeding Cup for outstanding work this past year. Fresno Unit received the Ethel Flynn Cup for greatest gain in membership.

Alhambra Drill team was judged ninety-nine and one-tenth perfect and won the prize of 75 dollars, Highland Park winning 50 dollars for second prize. The Juniors met at the home of the Pickett girls on Saturday. After the meeting a picnic supper was enjoyed with Leila Embree as guest of honor. President Barker was unable to be present as the other honor guest.

Nell Mathis says she will never trust a barracuda again. While preparing one for her meal, the barracuda's meal jumped at her. She isn't sure whether the barracuda meal bit her or not; but she declares she couldn't have been much more frightened if it had. Doctor and President Barker are planning on spending a vacation at the beach, soon. So perhaps Maybelle will not be present at the meeting September 14 and someone else will pound with her gavel.

Commander Wild Cat Shetler's son Eugene had a hectic Labor Day vacation. After disappearing for quite a while was finally rescued from a cactus patch. Gene got "so fer and couldn't get no ferder!" Here is something to remember—it is not necessary to salute the flag when a crowd sings "The Star Spangled Banner." All that is required is that everyone face the flag during the time the anthem is being sung.

The Legion District meeting will be held at Pomona, Friday, September 15. While the men folks attend the meeting, the Auxiliary members are to receive free admission to one of the theatres. After the meeting and show, the bunch will gang up and go to the Fair. Each Legionnaire and Auxiliary being admitted to the Fair and Dance free. Listens mighty good, huh?

## Buster, Guardian Of Children In The Canyon, Passes On

Buster died last week.

Old age and paralysis took their final toll, and the Heasley family's pet Eskimo spitz who for the last 12 years has been the self-appointed watchdog of Sierra Madre Canyon, retired to that happy hunting ground of the canine world where chaseable squirrels and highly-scented soup bones are every day occurrences.

Buster was born in 1921, under the bed of Baby Carlyle House, shortly after Carlyle himself was born. Buster succeeded his mother as the Canyon's favorite pup. But let his owner, Jim Heasley tell Buster's story:

"As soon as he was old enough to leave his mother, he was given to my two small sons by the House family. For many days after he entered his new home, he would wander back to his mother across the gully, and the small Heasley boys would soon be after him. As he finally learned his new home, he was never away from his little masters and stuck to them both until they were grown. Wherever the children were, Buster was, too.

"Everyone in the Sierra Madre Canyon knew Buster and he received a welcome at the homes of the residents there at all times. He left many fond memories, and will be missed greatly by the entire community."

## GOVERNMENT CHECKS ON OWNERS OF GOLD

Collector of Internal Revenue John P. Carter stated yesterday that all persons possessing gold coin, gold bullion or gold certificates must make a return of such holdings to his office on or before September 15th, 1933, or be subject to a fine of \$10,000 or 10 years imprisonment, or both. This return is required pursuant to an executive order by President Roosevelt, dated August 28, 1933.

Collector Carter stated that this return must be made by every one owning gold coin, gold bullion or gold certificates or holding such articles for some one else, and either person is liable to the penalty for failure to make the report. If owned by one person and held by another, both must make returns.

## "INSPECTOR GENERAL" NEXT AT PLAYHOUSE

Leonid Snegoff, former star of the Moscow Korsh and People's Theatres, and Bradley Page, stage and screen actor, have been cast in "Inspector General," Nikolai Gogol's great satiric farce, which follows "Growing Pains" at the Pasadena Community Playhouse, opening next Tuesday.

Gilmer Brown plans an impressive production of the play which is generally conceded to be the greatest European comedy of the past century. More than seventy players will take part in the production.

## CODE TO INCLUDE ALL AVOCADO GROWERS

In keeping with the times, the avocado industry, both producers and shippers, have been preparing a code of ethics to control the distribution and prevent demoralization of markets through unregulated shipments. This comes from M. B. Rounds, Farm Advisor, representing the University of California in Los Angeles County.

It is proposed in the avocado code to license all handlers and shippers and distribute the cost of administration equally over every pound of avocados sold in California or shipped out of the State. When this code is signed by the Secretary of Agriculture, it will automatically force all handlers of avocados to abide by its provisions, regardless of whether or not they or one of their representatives signed the agreement.

## EXTRA DIVIDEND FOR AVOCADO GROWERS

Due to profits and savings of the avocado growers' cooperative marketing program this season, Sierra Madre and other growers are now believed to be assured of a total season's operating excess of over \$65,000, or about three cents per pound entirely additional to monthly pool payments for all their avocados handled this season. George E. Hodgkin, general manager of the Calavo Growers' Exchange, announced yesterday.

This "dividend" will be distributed over each of the over 2,225,000 pounds of avocados handled this season by the growers' exchange, the refund benefiting all varieties and all grades alike, Mr. Hodgkin indicates.

## ART. Things

By Henry Ions Hawthurst

IT'S been some weeks since I've said anything about 'Art and Things'... It's the time when everyone is taking a vacation and I've been doing likewise only I've been working around the "Old Barn."

The Art League is rolling merrily along. For one reason or another several students have dropped out but their places were quickly filled from the long list of waiting applicants.

This week we have had visiting applicants from Baldwin Park, Puente, Arcadia and Claremont, not counting several from Pasadena.

When students are anxious to

drive from 10 to 40 miles twice a week to join our League and are willing to pay a tuition—which is required from all non-resident students—it not only proves the League is growing to be a big asset to our community but likewise that when a student is anxious to make such effort to progress in his art, that the "Old Barn" is receiving the kind of timber that will go to build a much larger structure.

To date more than fifteen hundred people have visited the "Old Barn" a great many of whom have been out-of-town or out-of-State residents.

We had a long talk with 'Dick' Knost today and relative to arranging evenings and a date for beginning the musical branch of the Allied Artists and it won't be long before the "Old Barn" is going to be lighted up every night to foster and further various groups of our art colony. Giving this fact publicity at the present time is a little premature but within a few weeks you all will hear a lot about it and there will appear in THE NEWS a registration application coupon for all of you who desire to place your names on "the dotted line" as applicants for musical guidance under the mighty capable direction of Mr. Knost.

... and here is another secret—I just can't help letting the cat out of the bag. My good friend L. U. Spehr has something up his sleeve relative to having the writing fans of our colony gather at the "Old Barn" every now and then to cuss and discuss the literary and writing problems of fellow scribes. If our friend Lee Shippey can be induced to tack a little to the south side from the "Leaside" and our likewise good friend, Harold Carew, one of the guiding lights of the League's Board of Governors, can be hog-tied and toted into the group, there's going to be let loose at each gathering dogged good stories.

For the love of Mike don't tell anyone the secrets I have just told you—keep it under your hat—or Messers Knost and Spehr are liable to "take me for a ride" or something.

# PLAY-OFF SERIES FOR LEAGION LEAGUE PENNANT BEGINS ON SCHOOL FIELD TONIGHT

THE playoff series for the Legion League championship begins in Sierra Madre and Pasadena tonight. Sierra Madre takes on the Baldwin Park team which finished fourth in the league season. Pasadena stacks up against Temple City, which finished third. Tuesday night Sierra Madre goes to Baldwin Park and Pasadena to Temple. Two of three games will

decide the series between the contending clubs. There seems little doubt but that the final playoff will be between the two old rivals—Sierra Madre and Pasadena. They have fought it out for two years now, both times the play-off games going the limit to reach a decision. Pasadena won the flag in '31 and it came here after three exciting games last year. The standing of the 10 clubs in the league at the end of the regular schedule last Friday was as follows:

## ST. RITA'S DEFEAT BETHANY TEAM 7-2

St. Rita's defeated 4-12 at the school field 7-2 last Thursday evening. John Kennedy and Ray Hudson pitched good, steady ball. Henry Neutzel with three hits out of five times up led the St. Rita hitters and Ed LaLone with three safeties out of four tries was 4-12's leading slugger. The score:

St. Rita's	AB	R	H	E
Sanchez, lf	4	1	1	0
O'Grady, rf	1	0	0	0
Kennedy, p	5	2	2	0
J. Skinner, c	4	0	0	0
Ostlund, 3b	5	1	0	0
E. Hinojos, 1b	3	1	2	0
Neutzel, 2b	5	0	3	0
Burke	3	1	1	0
J. Mishima	5	0	1	0
R. Mishima, rf	4	1	1	0

A big crowd is expected at the school field to see that the locals do not lose for the want of plenty of moral support. The rooting band that gave such a splendid exhibition during the last Sierra Madre-Pasadena game at Brookside Park is expected to repeat its performance. Pratt will fling for the local soldiers and Evans has so far recovered from his recent injury as to permit of his taking his place behind the bat.

## CLARKS OFF TO VISIT FRIENDS IN THE EAST

Mr. and Mrs. Herbert Clark, of 261 Adams street, left this week for a visit in Chicago with Mrs. Clark's mother, Mrs. Michael Winters, and brother-in-law and sister, Dr. and Mrs. William Keupe. They will also spend some time with Mr. and Mrs. Edward Rootes in New York. Mrs. Rootes is another sister of Mrs. Clark.

A man should keep his friendships in constant repair.

# All Stars Bat Out 10 To 6 Victory Over The California Bank

Sierra Madre's All-Stars brought much joy to the hearts of a big crowd of hometown rooters by batting out an 10-6 victory over the California Bankers on the school field Wednesday evening. It was the third meeting between the two teams and Sierra Madre's first victory. One of the games went 13 innings with a 1-0 score. Home runs played an important part in Wednesday's victory for the locals. Brain clouted a couple of them to score a total of five runs. Marsh hit one in the fourth to score Harkness and Hedlund ahead of him. Harkness hit one for the circuit in the sixth inning. Sparkling plays in the outfield were contributed by Fred and Robert LaLone, and Hedlund, the latter cutting off two runs by a sensational catch. The score:

## SIX HOME RUNS IN JR. LEAGION-4-12 GAME

Six home runs featured a slugging contest the Junior Legion won from Bethany's 4-12 by a score of 19-14 on Friday evening. Besides the circuit clouts there were eight two baggers and two tripples. Only two of the 18 players participating in the game failed to hit safely—one on each team. Hudson issued 10 passes. The score:

## Most Exciting Ball Game Of Season Is Lost By Kiwanians

The Kiwanians lost the decision in the most exciting ball game of the City League season at the school field Wednesday evening. Sierra Madre Furniture walking off with a 10-9 victory. The excitement went on without interruption for 12 innings, with first one and then the other club in the lead, accounting for the presence of many hoarse citizens on the streets yesterday who had been intense rooters the night before. The teams were evenly matched, the victors being credited with ten and the losers with eight hits. Each team was charged with three errors and fielders on both sides contributed brilliant plays, especial applause being showered on Parker, Jack Young, T. Scalzo and Emile Smith. Pratt fanned 15 and Kiggins 13 batters. The score:

## Kiwanis Bowlers Will Be Captained By Frank Spencer

Frank Spencer was appointed captain of the newly organized Sierra Madre Kiwanis club bowling team by President Jack Woehler at the club's regular meeting last Tuesday. The speaker scheduled for the day failed to appear but the president had become the father of a new son the day before and a speaker would have had difficulty getting a word in edgewise under the circumstances, so he was not missed.

The new Kiwanis bowling team is to participate in a series of matches the coming autumn and winter with other Kiwanis club teams in Division 10 which includes Sierra Madre, Alhambra, Altadena, Claremont, Glendora, Monrovia, Ontario, Pasadena, Pomona, San Gabriel and South Pasadena. The members of the local team have not been definitely selected as yet but will be chosen as they show proficiency in tumbling the pins in practice.

Vice-president Clarence Hunsinger, manager of the local branch of the gas company, was chairman of the day last Tuesday.

L. J. Grunder, automotive engineer for the Richfield Oil company, will be the club's speaker next Tuesday.

"I'M GLAD I LIVE IN SOUTHERN CALIFORNIA"

"We have cold weather in California—yes, but thank goodness we can have comfortable warmth in every room ANYTIME just by touching a button."

"Natural gas heat is so clean, so convenient and so inexpensive that now we have it all over the house. We learned our lesson last Winter! Our friends won't call our home 'The Eskimo Igloo' again. Last winter, that name applied all right, because our house WAS too chilly for comfort on cold or rainy evenings."

Look for the Blue Star Seal of the Gas Association testing laboratory on your heating equipment.
